GLOSSARY

CG Code: the Corporate Governance Code for listed companies approved by the Corporate Governance Committee in March 2006 and promoted by Borsa Italiana S.p.A.

CC: the Italian Civil Code.

Board: the Board of Directors of the Issuer.

Issuer: Recordati S.p.A.

Year: the financial year to which this Report relates.

Consob Issuers' Regulations: regulations governing issuers as established by Consob regulation no. 11971 of 1999 (as subsequently amended).

Consob Markets Regulations: regulations governing markets as established by Consob regulation no. 16191 of 2007 (as subsequently amended).

Report: the corporate governance report and the ownership structure that issuers are required to prepare pursuant to article 123 *bis* of the Consolidated Finance Act.

TUF: Legislative Decree no. 58 dated 24 February 1998, (*Testo Unico della Finanza*) the Consolidated Finance Act.

1. THE ISSUER

The Company and the Group that it leads perform research and development, production, marketing and sales of pharmaceuticals and pharmaceutical chemicals. They perform their activities in the principal European countries. The primary objective of the corporate governance system is the creation of value for shareholders, without, however, losing sight of the social importance of the activity performed and of all the stakeholders involved.

The corporate governance structure of the Company is based on a conventional organisational model and therefore consists of the following corporate bodies: (i) the Shareholders' Meeting, (ii) the Board of Directors, (iii) the Board of Statutory Auditors. Accounting control is delegated, in compliance with the relative legislation in force, to a firm of auditors registered in the special roll maintained by the Consob.

The Board of Directors has formed two committees from among its members with consultative and proposal-making functions: the Remuneration Committee and the Internal Audit Committee, both consisting exclusively of independent directors.

The Company observes the CG Code, in accordance with the procedures contained in this report.

Unless otherwise indicated, the information contained in this report relates to the date of its approval by the Board of Directors (9th March 2011).

2. OWNERSHIP STRUCTURE (pursuant to Art. 123-bis, paragraph 1 of the TUF) (at 9th March 2011)

a) Structure of share capital (pursuant to Art. 123-bis, paragraph 1, letter a) of the TUF)

The subscribed and paid up share capital amounts to € 26,140,644.5 and is represented by 208,507,656 ordinary shares each with a par value of € 0.125 as reported in the table at the end of this section. Each share entitles the holder to a proportional part of the profits allocated for distribution; Art. 29 of the By-Laws provides that the net profits on the balance sheet are to be distributed as follows: (a) 5% (five percent) to the legal reserve fund up to the amount established by the law; (b) the remainder, unless the Shareholders' Meeting, as proposed by the Board, resolves to allocate funds for extraordinary reserves or for other purposes, or to postpone part or all of the distribution to all shares to successive years, to be distributed to all shares.

As reported in the table below, there are no other categories of shares, nor other financial instruments that assign the right to subscribe to new share issues, with the exception of the conditions indicated below in the context of stock option plans.

The document entitled "Information on Recordati S.p.A.'s stock option plans" distributed to the market on 17th September 2007 and available on the Company website at the address http://www.recordati.it/rec_it/investors/releases/2007/2007-09-17/ may be consulted for information on existing stock option plans and shares issued at the service of those plans, as may pages --- and --- of the draft separate company annual report in Annex 7 and the information documents for each outstanding stock option plan also available on the company website.

d) Securities with special rights (pursuant to Art. 123-bis, paragraph 1, letter d) of the TUF)

No securities with special rights of control have been issued.

e) Share holding by employees: exercise of voting rights (pursuant to Art. 123-bis,

paragraph 1, letter e) of the TUF)

No shareholding system exists for employees which involves the exercise of voting rights which is different from that provided for shareholders in general.

f) Restrictions on voting rights (pursuant to Art. 123-*bis*, paragraph 1, letter f) of the TUF)

Each ordinary share gives the right to vote without any restrictions.

g) Shareholders' agreements (pursuant to Art. 123-*bis*, paragraph 1, letter g) of the TUF)

The Company has no knowledge of the existence of shareholders' agreements pursuant to TUF Art. 122.

h) Change of control clauses (pursuant to Art. 123-*bis*, paragraph 1, letter h) of the TUF)

The Company and some of its subsidiaries are, in relation to their business operations, parties to some licensing agreements that include a clause, which is a normal provision in international agreements, authorising the Licensor to dissolve the contracts in the event of change of direct or indirect control of the Licensee.

In addition, a bond issue by the Luxembourg subsidiary, Recordati S.A. Chemical and Pharmaceutical Company, privately placed with international institutional investors and guaranteed by the Company, includes a clause, as is normal in financial operations of this type, which authorises the creditors to obtain an immediate refund if the control of the Company changes.

Furthermore, the Company signed a finance agreement in 2010 with Centrobanca (Banca di Credito Finanziario e Mobiliare S.P.A) for a total of 75 million euro which, as is normal practice in financial transactions of this type, contains a clause which requires the immediate repayment of the loan if the control of Recordati S.P.A. changes.

i) Authorisation for increase of share capital and acquisition of treasury shares (pursuant to Art. 123-*bis*, paragraph 1, letter m) of the TUF)

The Board of Directors was authorized to increase share capital, pursuant to CC Art. 2443, by a Shareholders' Meeting of 11 April 2007.

The increase in the share capital may be performed in one or more tranches, gratuitously or by payment, for a total maximum amount of € 50,000,000 within a period of no more than five years from the date of the resolution, by issuing ordinary shares and/or warrants for the subscription to such shares, to assign or to offer as an option to shareholders, with the right pursuant to the joint provisions of CC Art. 2441, last paragraph and TUF Art. 134, second paragraph, to offer subscription to the shares to Recordati S.p.A. employees or to subsidiaries of the Company in relation to the stock option plans decided by the Shareholders' Meeting (and therefore with the possibility to exclude the option rights to one fourth of the new issue). To this date, the Board has not yet acted on this mandate, not even partially.

That same Shareholders' Meeting authorised Directors, in accordance with Art. 2420-*ter* of the C.C. to decide the issue in one or more tranches, for a total maximum nominal amount of € 80,000,000, of bonds convertible to ordinary shares, or valid warrants to subscribe to such

shares, to offer in option to shareholders within a period of no more than five years from the date of resolution, in observance of applicable law and regulations concerning the issuing of bonds, and at the same time, deciding an increase of share capital for the amount that corresponds to the nominal value of the shares to be attributed in conversion.

To this date, the Board has not yet acted on this mandate not even partially.

In partial implementation of the authorization conferred on the Board of Directors by the Shareholders' Meetings held on 10 April 2002, (expired on 10 April 2007), on 7 April 2004 and 27 October 2004, the Board decided some increases in the capital by payment, only partially performed and expired in 2009, at the service of the stock option plans adopted by the Company at the same time as it granted options as part of those same plans.

The By-Laws do not authorize the Board to issue financial instruments of participation.

In ordinary session on 13th April 2010 a Shareholders' Meeting renewed the authorisation to purchase and assign treasury shares, pursuant to CC articles 2357 *et seq.*, until approval of the financial statements at 31st December 2010, scheduled for 13th April 2011. In particular, the maximum number of shares that may be acquired, after accounting for the number of treasury shares already held in the Company's portfolio, is 20,000,000, which corresponds to a total potential payment of not more than € 120,000,000, at a minimum price not less than the nominal value of Recordati shares (€ 0,125) and a maximum price not greater than the average of official Borsa prices during the five sessions prior to the acquisition, plus 5%. Purchases must be made on regulated markets, in observance of Art. 144*bis*, paragraph one, letter b), of the Consob Issuers' Regulations and according to standard practices recommended by the Consob in accordance with TUF article 180.

At the closing date of the Year, the Company held 10,206,105 treasury shares in portfolio, which represent 4.8804% of the share capital.

On the basis of that resolution, on 15th February 2011, as disclosed to the market on that date, the Company commenced a treasury stock programme to purchase ordinary shares of Recordati to use at the service of stock option plans for employees of companies belonging to the Recordati Group already adopted by the Company and of plans that might be adopted in future, also pursuant to and for the purposes of market practices concerning the purchase of treasury stock for the constitution of "share inventories" permitted by the CONSOB, at the service of plans, in accordance with Art. 180, paragraph 1, letter c) of Legislative Decree No. 58/1998, with resolution No. 16839 2009.

As part of the implementation of that programme, as at March 8, 2011, the Company purchased 1,007,000 ordinary shares for a total investment of 6,797,778.8 million euro.

As at March 8, 2011 the Company holds n. 11,033,105.00 treasury shares in portfolio representing 5.2758% of the share capital.

In consideration of the expiry of the current authorisation which will occur on 13th April 2011, the Board resolved to submit a proposal to the shareholders' meeting convened to approve the 2010 annual report to renew the authorisation to purchase and assign treasury stock in order to maintain the necessary operational flexibility over an appropriate time horizon. The Directors Report on the relative item on the agenda, which will be made available within the legal time limits on the Company website and elsewhere, may be consulted for further information.

j) Management and co-ordination (pursuant to Art. 2497 *et seq* of the CC)

Although controlled by Fimei Finanziaria Industriale Mobiliare ed Immobiliare S.p.A., the Company is not subject to management and co-ordination by the same, pursuant to CC articles 2497 *et seq*.

Fimei Finanziaria Industriale Mobiliare ed Immobiliare S.p.A. is a mere financial holding company with no operations of any kind; no procedures exist to furnish authorizations or instructions to the Company in its relations with the Parent Company and therefore the Company sets its own strategic and operating policies in full autonomy.

The fully controlled Italian subsidiaries have acknowledged management and co-ordination by the Company and have fulfilled legal disclosure requirements in this respect.

The information required by Art. 123 *bis*, paragraph one, letter i) of the TUF (“*agreements between the Company and directors, members of the board of directors or the supervisory board, which provide for the payment of indemnities in the event of resignation, dismissal without just cause or if the contract of employment is interrupted following a public tender offer*”) is given in the section on directors remuneration (Section 9).

The information required by Art. 123 *bis*, paragraph one, letter l) of the TUF (“*regulations for the appointment and replacement of directors and for amendments to the Corporate By-Laws, if different from those applicable by law in the absence of alternative provision*”) are given in the section of the report on the Board of Directors (section 4.1).

3. COMPLIANCE
(pursuant to Art. 123-*bis*, paragraph 2, letter a) of the TUF)

The Company observes the CG Code, in accordance with the procedures contained in this report, which may be consulted on the website of Borsa Italiana at the address www.borsaitaliana.it. Reasons are given where the Company has decided not to follow those principles or operating criteria in the relative section of this Report.

Neither the Company nor its strategic subsidiaries are subject to foreign laws that influence the corporate governance structure of the Company itself.

4. BOARD OF DIRECTORS

4.1 APPOINTMENT AND SUBSTITUTION
(pursuant to Art. 123-*bis*, paragraph 1, letter l) of the TUF)

The appointment and replacement of Directors is regulated by articles 15, 16 and 18 of the By-Laws, the text of which, last amended by the Board of Directors on 26th October 2010 in order to make compulsory amendments to comply with Legislative Decree No. 27/2010 in implementation of the “shareholders rights” EU Directive, is reproduced for your information in full below:

Art. 15) *The Board of Directors shall be appointed from lists of candidates presented by shareholders, according to the procedures as indicated below, in which the candidates are identified by progressive numbers.*

The lists, signed by the shareholders who present them, must be deposited at the registered office of the Company at least twentyfive days prior to the date of the first convention of the Shareholders' Meeting, available to anyone who requests to see them and they will also be subject to other forms of publicity in accordance with laws and regulations in force at the time.

Every shareholder, shareholders who participate in a significant shareholders' agreement pursuant to TUF Art. 122, the parent company, subsidiaries and companies subject to joint control pursuant to TUF Art. 93, may not present or contribute to the presentation of more than one list, not even by means of another person or trustee, nor may they vote for different lists, and each candidate may be listed in only one list or will be disqualified. The subscriptions and votes expressed in violation of this prohibition will not be attributed to any list.

Only shareholders individually or jointly possessing a total number of shares with voting rights representing at least 2.5% of capital stock with voting rights at ordinary meetings, or representing a lesser percentage as established by binding legislative or regulatory provisions which shall be specified in the notice of meeting, shall have the right to submit lists.

The following items must be filed for each list within the respective deadlines set out above and as provided by applicable regulations: (i) statements by each candidate to the effect that each accepts candidacy and declares, assuming full responsibility, that there are no reasons preventing the candidate from being elected or rendering him unsuitable for the office, and that the candidate meets any specific requirements for the relevant office; (ii) a curriculum vitae detailing each candidate's personal and professional characteristics and indicating that the candidate may be considered independent.

The specific certification demonstrating title to the necessary number of shares for the presentation of the list, issued by a legally authorised intermediary must also be deposited within the time limits set by the relative regulations at the time when the lists is deposited at the Company.

Lists that are presented but are not in accordance with the provisions as above will be considered as not presented.

The Board of Directors will be elected as follows:

a) all of the Directors to be appointed, except one, will be selected from the list that obtained the greatest number of votes, following the progressive order in which they are listed on the list;

b) the remaining director shall be the candidate placed at the number one position on the minority list, which shall not be connected in any way, even indirectly, with those who submitted or voted for the list indicated in letter a) above, which obtains the second-highest number of votes. For this purpose, lists that did not obtain a percentage of votes equal to at least half of that required for presentation of the lists as at the fourth paragraph of this article will not be considered.

For the purposes of the appointment of directors as indicated at point b) above, in the event of a tie between lists, the list presented by shareholders possessing the larger shareholding, or subordinately the larger number of shareholders, shall prevail.

If the candidates elected by the method as above do not include an adequate number of independent Directors with the characteristics as established for statutory auditors at TUF Art. 148, third paragraph, equal to the minimum number established by the law in relation to the total number of Directors, the last non-independent candidate, according to the progressive numbering, of the list that obtained the greatest number of votes as at letter a) of the

paragraph above, will be substituted by the first independent candidate, according to the progressive numbering, of the non-elected candidates on the same list, or if not possible, by the first independent candidate, according to the progressive numbering, of the non-elected candidates of the other lists, according to the number of votes obtained by each. This procedure of substitution will be followed until the board of directors is composed of a number of members who have the qualifications as at TUF Art. 148, third paragraph, equal at least to the minimum legal number. If this procedure does not produce the latter result, the substitution will be effected by resolution of the Shareholders' Meeting by relative majority, after presentation of candidates who possess the qualifications as cited above.

If only one list is presented, all of the Directors will be selected from the same list. If no list is presented the Shareholders' Meeting will decide by legal majority, without following the procedure as above.

Any different or additional compulsory provisions of the law or regulations will form an exception to these provisions.

Article 16) - The fees to be paid to the Board of Directors shall be established by the Shareholders' Meeting for the entire period of their term, or for each financial year, and may take the form of profit-sharing.

Article 18) - Unless already provided for by the Shareholders' Meeting, the Board shall appoint a Chairman and may appoint a Vice-Chairman from among its members. The Board shall also appoint one or more Managing Directors from among its members. The Chairman shall have all the powers vested in him by law; in the case of his absence or inability to attend for any reason, the said powers shall be exercised by the Vice-Chairman, or in his absence, by the most senior Director.

Finally, the Board shall appoint a Secretary, who need not be a member of the Board.

It is also underlined that, on the basis of the By-Laws in force, the right to submit slates is only held by shareholders who, individually or together with other shareholders submitting slates, hold voting shares representing at least 2.5% of the voting capital in an Ordinary Meeting, or representing a lower percentage established by mandatory laws or regulations. In this respect in accordance with articles 144-*quater* and 144-*septies* of the Issuers' Regulations and CONSOB resolution No. 17633 of 26th January 2011, the percentage of the share capital required to present lists is currently 2%.

On the basis of Art. 147-*ter*, paragraph one of the TUF, the By-Laws also state that for the purposes of the distribution of votes among directors to be elected, no account is taken of slates that have not obtained a percentage of votes equal to at least half of that required for the presentation of slates.

In order to ensure the election of at least one minority director, the By-Laws state that all the directors to be elected except for one shall be drawn from the slate which obtained the greatest number of votes in the order in which they are listed on that slate. The remaining director is the candidate placed in the number one position on the minority slate, which shall not be connected in any way, even indirectly, with the shareholders who submitted or voted for the majority slate and which obtained the majority of votes from the shareholders. In the case of a tied vote between slates, the minority director shall be drawn from the slate presented by the shareholders in possession of the greater number of shares or, secondarily, with the greatest number of shareholders.

As concerns the mechanism adopted to ensure that a minimum number of independent directors are elected in compliance with Art. 147-ter, paragraph four of the TUF, the By-Laws state that if the number of independent directors is not reached, the non independent candidate elected in last place on the majority list shall be replaced by the first independent candidate in progressive order not elected on that slate, or, if there is none, by the first independent candidate in progressive order not elected on the other slates, according to the number of votes obtained by each.

Finally if this procedure does not lead to the aforementioned result, the directors shall be replaced by a resolution passed by relative majority of the shareholders' meeting upon presentation of candidates satisfying the above requirements of independence.

If only one slate is presented, the By-Laws also state that all of the Directors to be elected shall be selected from that slate. If no slate is presented the Shareholders' Meeting shall decide by legal majority, without following the procedures just described.

The By-Laws do not lay down any additional requirements for the independence of Directors with respect to those contained in Art. 148 of Legislative Decree No. 58/1998, because the Company adheres to the CG and the Board of Directors verifies possession of the requirements of independence in accordance with the CG and consequently when a shareholders' meeting appoints Directors, the Board of Directors invites candidates to the position of Director contained on lists to declare these requirements.

The table at the end of this section may be consulted for details of those directors currently in office who meet the requirements for independence in accordance with the TUF and those that are independent in accordance with the CC.

The Issuer reports that it is not governed by any further laws and regulations concerning the composition of the Board of Directors.

4.2 COMPOSITION (pursuant to Art. 123-bis, paragraph 2, letter d) of the TUF)

The By-Laws currently in force state that the Company is managed by a Board of Directors consisting of a number of members varying between six and sixteen. A shareholders' resolution of 11 April 2008 set the number of directors elected at nine and their term of office until the date of the Shareholders' Meeting convened to approve the 2010 Annual Report.

The members of the Board of Directors in office at the end of the Year are indicated below. They were elected by a Ordinary Shareholders' Meeting on 11 April 2008. On that occasion only one slate of candidates for the office of director was presented by the shareholder FIMEI S.p.A.

The slate presented by FIMEI S.p.A. consisted of the following candidates to the Board of Directors for the years 2008-2009-2010:

Ing. Giovanni Recordati

Dr. Alberto Recordati

Sig. Andrea Recordati

Dr. Federico Nazzari

Dr. Mario Garraffo

Independent

Avv. Carlo Pedersoli

Independent

<i>Prof. Marco Vitale</i>	Independent
<i>Dr. William R. Gunnarsson</i>	Independent
<i>Dr. Walter Wenninger</i>	Independent

All the candidates listed above were elected with 118,254,933 shares in favour out of 118,289,233 shares voting (99,971%). The voting share capital represented 56,912% of the share capital of the Issuer.

The personal and professional characteristics of each Director are documented in Attachment 1 to this Report along with the offices held by directors in other listed companies.

The table at the end of this section and the specific indications given in section 4.6 may be consulted for an assessment of the independence of the directors in office.

(*) The Board has qualified Prof. Marco Vitale, Dr. Mario Garraffo and Avv. Pedersoli as independent, even though they have been directors of the Company for more than nine years during the past twelve, and in the case of Prof. Vitale even though he has been appointed as a professional consultant to the Company with an annual fee of € 50,000.00 (evaluated a non significant amount), considering that by their specific expertise and professional commitment to constant control and stimulation of the Board, they have demonstrated that they have maintained their characteristics of independence and freedom of judgement in evaluating the operations carried out by management. For the Director Avv. Carlo Pedersoli in particular, compliance with the requirement of having been a board member in no more than nine of the last twelve years lapsed on 1st March 2011. Further information is given in Section 4.6.

* M/m are given in this column where “M” indicates a member elected from the majority slate and “m” from a minority slate.

** This column contains the percentage attendance of directors at the relative board and committee meetings (number of presences/number of meetings held during the actual period office of the person concerned).

*** This column gives the number of appointments as a director or statutory auditor held by the person concerned in other companies listed on regulated markets, including foreign markets, in financial, banking or insurance companies or in large companies, as in the list contained in Attachment 1 of this document. which may be consulted.

**** An “X” in this column indicates that the Director is a member of the committee.

In this respect, on 23rd November 2010, Dr. Federico Nazzari resigned from the Remuneration Committee and the Board of Directors appointed Dr. Garraffo to replace Dr. Garraffo.

Maximum number of offices held in other companies

The Board of Directors has not set any general criterion for the maximum number of positions as director or statutory auditor in other companies that are considered compatible with performing duties as a director of the Company. It has done this because it feels that it is best to allow individual directors to assess this compatibility themselves.

4.3 ROLE OF THE BOARD OF DIRECTORS (pursuant to Art. 123-bis, paragraph 2, letter d) of the TUF)

During the Year the Board of Directors met seven times, with sessions that lasted an average of approximately two hours, on the following dates: 11th February 2010; 5th March 2010; 13th April 2010; 6th May 2010; 28th July 2010; 26th October 2010 and 24th November 2010. For the current year nine meetings are planned, and the Board has already met on 13th January 2011 and 9th February 2011.

The promptness and completeness with which information is provided before board meetings is ensured by the Chairman with the distribution of documents relating to the items on the agenda to members a few days immediately preceding the date set for the meetings.

On rare occasions it has not been possible to provide information concerning some items on the agenda until the time of the board meeting itself for reasons of confidentiality and urgency.

During the course of the year the following persons attended board meetings in order to provide additional information on the items on the agenda: the Group CFO and General Manager for the co-ordination of operations (who is also the Financial Reporting Officer), the chief of Group Operational Control and Reporting, the Chief of Corporate Development and the Chief of the Legal Service and Corporate Affairs (who also acted as the Secretary to the Board).

In accordance with Art. 23 of the By-laws, the Board is the corporate body endowed with the broadest powers to handle ordinary and extraordinary management of the Company and it has the right to conclude all acts that it deems appropriate in order to conduct business and to achieve the corporate purposes, excluding only those reserved by the law exclusively for the

Shareholders' Meeting. In accordance with CC. Art. 2365, paragraph 2, the Board of Directors is also authorized to decided on the following matters:

- mergers in the cases established by CC articles 2505 and 2505 bis;
- establishment or suppression of secondary offices;
- specification of the Directors who are entitled to represent the Company;
- reduction of share capital in the event of withdrawal of a shareholder;
- alignment of the By-Laws to provisions of the law and regulations;
- transfer of the registered office from one municipality to another in national territory.

The Board is also entitled to appoint and dismiss, following an obligatory opinion from the Board of Statutory Auditors, the Financial Reporting Officer, pursuant to TUF Art. 154-*bis*.

The Board is also responsible, in compliance with the CG Code, for the following:

- examination and approval of strategic, industrial and financial plans of the Company and the Recordati Group, the corporate governance system and the structure of the Group;
- evaluation of whether the organisational, administrative and financial structures of the Company and its strategic subsidiaries, as defined herein and as configured by the responsible organs, are adequate, with particular reference to the system of internal control and management of conflicts of interest;
- attribution and cancellation of mandates to CEOs and the Executive Committee, defining the extent, means and intervals (at least quarterly), with which the delegates must refer to the Board about the activities carried out in exercising their mandates;
- establishment, after examination of the proposals from the Remuneration Committee, and heard the opinion of the Board of Statutory Auditors, of the remuneration of CEOs and other Directors with special mandates, as well as the division, for the individual members, of the total allotment for compensation of the Board, if the Shareholders' Meeting has not already decided the matter;
- evaluation of business trends, in accordance with the law and the By-Laws, especially in the light of information provided by the delegated bodies and periodic comparison of results with budget previsions;
- examination and approval prior to strategic economic or financial operations of the Company and its subsidiaries, with particular attention to situations in which one or more Directors have an interest, whether personal or on behalf of third parties, and in general, to operations with related parties in accordance with the Regulations for Related-Party Transactions approved by the Board of Directors itself on 24th November 2010; establish guidelines to identify significant operations;
- conduct, once a year, an evaluation of the size and functionality of the Board of Directors and its committees and possibly indicate the type of professional figures whose presence on the Board would be useful;
- communication, in the corporate governance report, of the means of application of the CG Code and in particular, of the number of Board and Executive Committee meetings held during the year and the relative percentage of participation of each Director.

On the date of the approval of this Report, the Board took the following actions in relation to the above:

- it studied and approved the 2011 budget of the Group;
- it approved the most significant corporate provisions including update of the Organisational, management and control structures pursuant to Legislative Decree 231/01;

- it identified the subsidiaries with strategic characteristics, based principally on dimensional criteria (revenues) or evaluation of the special characteristics of the market on which the subsidiary operates (such as the orphan drugs market). The following companies are qualified as strategic subsidiaries: Laboratoires Bouchara Recordati S.a.s, Recordati Ireland Ltd., Jaba-Recordati S.A., Merckle Recordati GmbH, Innova Pharma S.p.A. and Orphan Europe SARL;
- it issued a positive evaluation of the adequacy of organisational, administrative and accounting structures, with particular reference to the internal control system and management of conflicts of interest, on the basis of the information provided to the Board in specific reports and other documentation (such as organisational diagrams) presented by the manager responsible for internal control, the Internal Audit Committee, the Supervisory Authority pursuant to Legislative Decree no. 231/2001 and by the Chairman and CEO himself. On 11.4.2008, having examined the proposals submitted by the relative committee and having obtained an opinion from the Board of Statutory Auditors, the Board of Director set the remuneration of the CEO and the other Directors who occupy particular positions and decided how the total remuneration due to the members of the board was to be distributed. Lastly, on 13.4.2010 the Board of Directors confirmed the decisions taken with regard to Directors with special positions (other than the CEO) and also approved some amendments to the Group variable remuneration incentive scheme. Finally the Board approved the 2010 targets for the Chairman and Chief Executive Officer, under the variable remuneration incentive scheme which applies to him also;
- it evaluated management trends, with particular attention to the information provided by the Chairman and CEO, at the same time it compared the results with the budget previsions;
- it studied and approved strategic operations of the Company and its subsidiaries in advance, when such operations were strategically significant in relation to the economic and financial welfare of the Company (with particular reference to participation in other undertakings and special drugs).

The Board of Directors on November 24, 2010 approved the “Procedure concerning related-party transactions” –available on the Company’s website –fixing general principle for the identification of the related-party transactions. Please refer to Section 12 of the present Report.

Consequently on that same date the Board of Directors amended the “Regulations for significant transactions with related parties or when a Director has an interest in the transaction”, adopted in 2008, restricting it to significant transactions or transactions in which a Director bears an interest. On the basis of the current Regulations for significant transactions with related parties or when a Director has an interest in the transaction”, the following types of transactions are considered to be strategic, operating, capital or financial for the Company, reserved to the exclusive decision of the Board of Directors, except for transactions performed with or between other companies belonging to the Recordati Group (unless atypical or unusual and/or to be concluded under non standard conditions):

- a) assumption of financial liability of more than Euro 50 million for any single operation;
- b) transfer of real estate for amounts of more than Euro 25 million, where the industrial operations of the Company or its subsidiaries are conducted at the time of the transfer;
- c) acquisition or transfer of industrial property rights of the Company or its subsidiaries for amounts of more than Euro 25 million for any single operation;

- d) acquisition, transfer or any other provision in relation to holdings in other companies, likewise the acquisition or transfer of companies or company branches, for amounts of more than Euro 25 million for any single operation;
- e) acquisition or transfer of special drugs or products in general, for amounts of more than Euro 25 million for any single operation;
- f) granting of real or personal guarantees for amounts of more than Euro 25 million for any single operation;
- g) investments and disinvestment, other than those specified at the letters above, for amounts of more than Euro 15 million for any single operation.

On the basis of the procedures as above, the Board is also responsible for studying and approving both transactions in which one or more Directors have an interest, whether personal or on behalf of third parties.

The Board of Directors conducted an evaluation of the size, composition and functioning of the Board and its committees. This evaluation was conducted by asking each Director to compile a questionnaire prepared by the Legal Service and Corporate Affairs Office of the Company. The results of that questionnaire were discussed in a board meeting of 13th January 2011. The results of the evaluation were positive and potential improvements were suggested by some Directors.

The Shareholders' Meeting has not authorized any general or advance exception to the ban on competition as at CC Art. 2390.

4.4 EXECUTIVE OFFICERS AND BODIES

Chairman and Chief Executive Officer

In accordance with article 24 of the By-Laws, representation of the Company shall be attributed to the Chairman of the Board of Directors or, in the event of his absence or inability to attend for any reason, to the Vice-Chairman, with sole signing authority for implementation of all resolutions of the Board unless otherwise resolved. The Chairman or, in the event of his absence or impediment for any reason, the Vice-Chairman, shall represent the Company before the law, with the power to take legal action and institute judicial and administrative proceedings at all levels of jurisdiction, including with respect to revocation and cassation proceedings, and appointing lawyers and attorneys for lawsuits.

In accordance with article 25 of the By-Laws, the Board of Directors may delegate all or part of its powers and functions not only to the Chairman, but also to the Vice-Chairman and one or more executive directors and it may grant special mandates to individual Directors or managers of the Company, including the power of attorney, determining their functions and powers under the law. In accordance with article 26 of the By-Laws, the Board may also delegate all or part of its powers to an Executive Committee.

On 11 April 2008 the Board of Directors appointed Ing. Giovanni Recordati not only to the position of Chairman of the Board of Directors but also to that of Chief Executive Officer with the purpose of improving the efficiency of the management of the Company.

In his role as Chief Executive Officer, Ing. Giovanni Recordati has been authorised, within the limits permitted by Law, to exercise the broadest powers for the ordinary and extraordinary management of the Company, expressly including the power to appoint directors and his

agents, persons with specific duties, experts and agents of the Company in general for specific actions or types of action, with the sole, exclusive and mandatory exclusion of the following operations reserved to the Board of Directors, except for operations performed with or between other companies of the Recordati Group:

- a) assumption of financial liability of more than € 50 million for any single operation;
- b) transfer of real estate for amounts of more than € 25 million, where the industrial operations of the Company or its subsidiaries are conducted at the time of the transfer;
- c) the purchase or sale of intellectual property of the Company or its subsidiaries for amounts exceeding € 5 million for each transaction;
- d) acquisition, transfer or any other provision in relation to holdings in other companies, likewise the acquisition or transfer of companies or company branches, for amounts of more than € 25 million for any single operation;
- e) the purchase and sale of proprietary medicinal products and generic products, for amounts exceeding € 25 million each;
- f) the grant of real or personal guarantees for amounts of more than € 25 million for any single operation;
- g) investments and disinvestment, other than those specified at the letters above, for amounts of more than € 15 million for any single operation.

The Chairman and Chief Executive Officer also: (i) convenes the Board meetings and ensures that the members of the Board and the Board of Statutory Auditors are provided, with reasonable advance notice, excepting situations of necessity or urgency, with the documentation and information necessary to enable them to express an informed opinion about the matters submitted to their examination and approval, (ii) coordinates the activities of the Board and conducts the proceedings of Board meetings; (iii) continuously provides information about the frequent variations of the law and the regulations that govern the sector and their impact on the Company, in order to develop the awareness of all Directors in relation to the situation and dynamics of the Company.

Executive Committee

No executive committee has been formed.

Reporting to the Board

The Chairman and Chief Executive Office reported to the Board in individual board meetings on the activities performed in exercising the powers conferred on him by the Board.

4.5 OTHER EXECUTIVE DIRECTORS

In addition to the Chairman and CEO, the other Directors that qualify as executives are Dr. Alberto Recordati, Dr. Andrea Recordati and Dr. Federico Nazzari. Dr. Alberto Recordati, Vice-Chairman of the Board of Directors, co-ordinates R&D and (since February 2011) “Group Licensing-in” activities, and he is also a director of some subsidiaries in the Group (including one of strategic importance). Dr. Andrea Recordati, the former Chief of “Western Europe”, has taken responsibility for the “International Pharmaceutical Division” and the co-ordination of

licensing-out activities since February 2011 and he has also filled the position of Managing Director of some strategic subsidiaries.

On 13th April 2010, the Board of Directors conferred powers on the Director Dr. Federico Nazzari, until the date of the approval of the annual report for the year ended 31.12.2010, necessary for performing the following activities both in the interest of the Parent Company and in the interest of subsidiaries:

- a) supervision, development, co-ordination and management of activities and relations with institutions, such as, for example, external relations and public relations in general, participation in congresses and cultural and scientific activities and publications of a general and institutional nature;
- b) management of relations with Farindustria and the co-ordination, in general, of all activities with sector associations in which the Group is present;
- c) management of relations with persons and institutions in the business, scientific, academic and political spheres;
- d) management of relations with public administrations and central, peripheral and local government institutions with particular reference to those with responsibilities for health, the environment and economics;
- e) assisting the Chairman and Chief Executive Office with other projects and special assignments as required.

These are activities of an institutional nature, which, as such, are not strictly management functions.

During the course of meetings of the Board of Directors, the Chairman and Chief Executive Officer gives necessary information on the affairs of the Company and the Group, which includes information on the most important changes in legislation and regulations in the sector and their impact on the Company. No additional specific initiatives were necessary to increase the Directors' knowledge of the company and its dynamics, considering, moreover, that all members of the Board have a deep knowledge of Company and the Group, either because of the many years in office or great experience acquired working in the sector.

4.6 INDEPENDENT DIRECTORS

On that occasion the Board confirmed its previous assessment concerning the relationship between the Company and Prof. Vitale, attributable to a professional engagement worth € 50,000.00 annually, considering the relationship cited as not significant for the purposes of independence in consideration of the small quantitative nature of the engagement. Furthermore, the Board of Directors decided not to include the requirement relating to a Director holding office for more than nine of the last twelve years among those pursuant to the CG on the basis of which the assessment of the independence of Directors is performed. This is because, with precise reference to Prof. Vitale, Dr. Garraffo and from March 2010, Avv. Pedersoli, the Board considered that because of their specific expertise and professionalism and for their constant work in supervising and stimulating the Board they have demonstrated that they have maintained their characteristics of independence and freedom of judgement in assessing the work of management intact. Furthermore, the Board of Directors noted that the continuation of a Director in office for more than nine years should not in itself be considered

a negative requirement for qualification as independent if the other requirements of the CG are satisfied. This is because great experience of the specific affairs of the issuer, the stature and professionalism of the persons considered, the absence of interests and significant relations with the Company constitute a value to be considered positively and such as to consider their capacity to judge freely and without bias to be untarnished.

The Board of Statutory Auditors verified that the criteria and procedures of evaluation adopted by the Board to evaluate the independence of its members were implemented correctly.

The independent directors, at and before the beginning of meetings of the Board of Directors, verified each time the absence of any specific matters that might be significant in relation to their roles as independent Directors.

4.7 LEAD INDEPENDENT DIRECTOR

Considering the existence of the situation in which the same person holds the offices of Chairman and CEO, in compliance with the CG Code, the Board has designated independent Director Prof. Vitale to be the lead independent director, to guide the independent Directors, with particular reference to the independent Directors, in order to improve the activities and functioning of the Board. The lead independent director collaborates with the Chairman in order to ensure that the Directors receive complete and timely information, and is also authorised to convene special meetings of the independent Directors only, at his own discretion or at the request of other Directors.

5. CONFIDENTIALITY OF CORPORATE INFORMATION

Following amendments to TUF introduced by Law no. 62/2005 (EC Law 2004) on matters of market abuse, in 2006 the Board of Directors approved the proposal of the Chairman and CEO for “Internal regulations for handling confidential information” (to substitute an internal procedure for the management and external communication of information and confidential documents, adopted in 2001 in accordance with the Corporate Governance Code in force at the time).

These regulations govern the internal management and external communication of information about Recordati S.p.A. and its subsidiaries, with particular reference to confidential and significant information (meaning information that could become confidential, but does not yet have the characteristics of specificity as defined at TUF Art. 181), and the institution of a specific register of the persons who have access to the information as above, a “Register of persons who have access to confidential information”, in accordance with Art. 115 *bis* of the TUF. In particular these regulations establish the obligations of confidentiality of all persons who have access to significant and confidential information; identify the persons responsible for evaluating the significance of the same information; establishes the rules for access to the same information by persons outside of the Company; establishes some principles and rules for the management of documents and correspondence containing significant or confidential information; establishes the methods of communicating confidential information, and other information about the Company.

In implementing these regulations, a procedure for “Management of the register persons who have access to confidential information” has been adopted, which establishes the method of keeping and updating the same.

The Company also keeps the register in question on behalf of the other companies of the group (Group Register), having been authorised to do so by the subsidiaries and the holding company.

In 2006 the Board also decided the adoption of an “internal dealing” procedure to discipline communications about transactions in Recordati S.p.A. shares or other related financial instruments issued by “significant persons”, in order to implement the provisions at TUF Art. 114, paragraph 7 (and the provisions of the regulations for application of the same).

Initially some executives holding management positions, insofar as they had regular access to confidential information, were considered (together with directors, statutory auditors, the general manager and the parent company FIMEI S.p.A.) “significant persons” for the purposes of this procedure, even if they did not hold the power to make management decisions which might affect the future development and prospects of the Company.

On 17 December 2008, the Board of Directors, having taken account of the organisational and decision-making structure of the Company and of the Group, and having considered in particular that every management decision that might affect the future development and prospects of the Group is always and in any event authorized either by the Board of Directors or by the Chairman and Chief Executive Office, in virtue of the powers conferred upon them, decided to review the list of “significant persons”, excluding all executives, with the sole exception of the Chief Financial Officer and General Manager of the Group.

6. INTERNAL COMMITTEES OF THE BOARD

The Board of Directors has formed a Remuneration Committee and an Internal Audit Committee from among its members both with consultative and proposal-making functions, consisting exclusively of independent Directors.

7. APPOINTMENTS COMMITTEE

The Board has not found it necessary to form an Appointments Committee because, until the present time and in the presence of a shareholder with legal control of the Company, no difficulties have been encountered in preparing proposals of candidates.

8. REMUNERATION COMMITTEE

The Board has formed an internal Remuneration Committee. The Remuneration Committee met five times during the year on the following dates: 11th February 2010, 5th March 2010, 12th April 2010, 6th May 2010, 26th October 2010. The percentage attendance of Committee members at meetings is shown in the table contained in section 4.2 of this Report.

The Committee met during the year on 13th January 2011, 8th February 2011 and 9th February 2011.

The Committee is currently composed of three non executive and independent Directors (see Section 4.6): Dr. Walter Wenninger, the Chairman, Dr. William Gunnarsson and Dr. Mario Garraffo. With regard to this composition, on 24th November 2010 the Board of Directors acknowledged the resignation of Dr. Federico Nazzarri, an executive Director, on 23rd November 2010, and appointed Dr. Garraffo, an independent Director, to replace him, following considerations concerning internal committees of the Board of Directors and for the purposes of regulations for related-party transactions in accordance with recent regulatory changes. Directors must abstain from participating at Committee meetings, which formulate proposals for the Board that relate to their own remuneration.

At the invitation of the Committee Chairman, with reference to specific points on the agenda, some persons who are not Committee members have participated at times at Committee meetings, specifically the Chairman of the Board and CEO, Chief Officer of Human Resources of the Group, the Chief Financial Officer and General Manager of the Group.

The Chief of the Legal Service and Corporate Affairs attended to take minutes of meetings.

Role of the Remuneration Committee

The Remuneration Committee has the following functions:

- to present proposals for the remuneration of Directors and Directors endowed with special mandates to the Board and to monitor application of the resolutions adopted by the Board;
- to periodically evaluate the criteria adopted in relation to the remuneration of Managers with strategic responsibilities, to monitor application of the same on the basis of information provided by the CEO and to provide the Board with general guidelines about these matters;
- to perform the functions assigned by the Board of Directors in relation to the administration of stock option plans to be offered to employees and/or Directors of the Company and of subsidiaries, for shares of the Company or options on the same, without prejudice to the general responsibility of the Board itself for the supervision of this matter.
- following approval of the Regulations for related-party transactions by the Board of Directors on 24th November 2010, to express an opinion, either binding or non binding, on related-party transactions of major importance and on related-party transactions of minor importance concerning remuneration in compliance with those Regulations.

The activities of the committee in the meetings just mentioned were designed to: formulate proposals for the adoption of a new stock option plan, assess the criteria adopted for the remuneration of executives with strategic responsibilities and the Group 2010 MBO (Management By Objectives) variable remuneration incentive scheme in particular; formulate proposals concerning the remuneration for Board members on whom particular powers have been conferred; assess the 2010 objectives for the Chairman and Chief Executive Officer; assess the impact of the new article 7 of the CG concerning the remuneration of Directors and any activities that may be required to comply with it; formulate an opinion on the variable remuneration paid to the Chairman, CEO and General Manager and other senior managers

with strategic responsibilities, also in accordance with the Regulations for related-party transactions.

Minutes of all meetings of the Remuneration Committee have been drawn up regularly.

The Committee had access to the information and Company offices that were necessary for the performance of its duties; it did not consider it necessary to make use of external consultants.

The committee did not incur any expenses in the exercise of its duties during the Year.

9. DIRECTORS' REMUNERATION

A significant part of the remuneration of the Chairman and CEO *Ing.* Giovanni Recordati and of the executive directors *Dott.* Alberto Recordati and *Sig.* Andrea Recordati depends on the economic results of the Company and the achievement of specific objectives, by means of an MBO (management by objectives) system. It must be considered, however, that that variable remuneration is paid to those persons not as directors but as senior managers with strategic responsibilities.

A stock option plan is in force for executive Directors (with the exception of *Dr.* Nazzari as an executive director in the sense already mentioned) and to managers with strategic responsibilities. In addition, stock option plans are also available to *Ing.* Giovanni Recordati (who also holds the office of General Manager), *Dr.* Alberto Recordati and *Sig.* Andrea Recordati, not in relation to being Directors but rather in their roles as managers with strategic responsibilities.

Remuneration of non-executive directors is not linked to the profits of the Company, but rather is determined by considering the presence or not in the Committees as above and as results from the relative table on Directors' remuneration contained in the 2010 Annual Report.

The current structure of Directors' remuneration will be subject to analysis and may be subject to change in order to comply with the provisions of Legislative Decree No. 259 of 30th December 2010 which implements European Commission recommendations No. 2004/913/EC and No. 2009/385/EC concerning the remuneration of listed companies, which entered into force on 22nd February 2011. Verranno, altresì, valutati principi generali e criteri applicativi previsti dal nuovo art. 7 del Codice.

Indemnities for directors in the case of resignation, dismissal or termination of contract following a public tender offer (pursuant to Art. 123-bis, paragraph 1, letter i) of the TUF)

In compliance, amongst other things with Consob Communication No. DEM/11012984 of 24.02.2011 in accordance with Art. 114, paragraph 5, of the Consolidated Finance Act, no agreements have been stipulated between the Issuer and the Directors that provide for payment of indemnities in the event of resignation, dismissal without just cause or termination of contract following a public tender offer.

Further disclosures required by Consob Communication No. DEM/11012984 of 24.02.2011

We report the following in compliance with Consob Communication No. DEM/11012984 of 24.02.2011 in accordance with Art. 114, paragraph 5, of the Consolidated Finance Act:

Effects of end of contract on rights granted under share based incentive schemes.

Ing. Giovanni Recordati, Dr. Alberto Recordati and Dr. Andrea Recordati form part of the beneficiaries of outstanding company stock option plans in their capacities as senior managers of strategic importance to the Company (and not in their capacities as Directors).

Details are given of those plans which regulate the effects of the end of employment contracts on the option rights granted.

2006 – 2009 Stock Option Plan

Unless established otherwise by the Board or the Committee Chairman, the termination of a Participant's employment contract with the Company or, according to the case, with another company of the Group, depending on the context (the "Termination of the Employment Contract"), for any reason, will result in the automatic exclusion of the Participant from the Plan and the permanent and irrevocable loss of validity for the tranches not yet vested of the Options already granted at the date of Termination Of The Employment Contract.

Without prejudice to the previous paragraph if at the date of Termination of the Employment Contract, a Participant in the Plan possesses Options which have already vested in relation to one or more tranches, but which have not yet been exercised, the Participant may exercise those Options, in relation to the tranches already vested, within 30 days of the date of the Termination of the Employment Contract, while those Options shall lose all validity if they are not exercised within that period.

Without prejudice to the above in the event of the Termination of the Employment Contract due to death or permanent invalidity of a Participant in the Plan, the Options already granted on the date of the Termination of the Employment Contract shall become immediately exercisable by the heirs of the Participant in the case of the death of the latter, or by the Participant in person or his/her legal representative if incapacitated in the case of permanent invalidity, for a period of one year following the date of the Termination of the Employment Contract. After that period of one year has passed, the Options shall permanently and irrevocably lose their validity.

In all cases, the termination of the employment contract of a Participant with the Company as a result of the transfer of the latter to another company in the Group, does not constitute a case of Termination of the Employment Contract for the purposes of the provisions that precede this paragraph. However, it does constitute Termination of Employment in cases where a change of control occurs, in the sense of a transfer to third parties (i) of the subsidiary to which the Participant belongs by the Company or (ii) of the company or the part of the company in which the Participant works by the Company or one of its subsidiaries.

2010-2013 Stock Option Plan

Unless established otherwise by the Board or the Committee Chairman, the termination of a Participant's employment contract with the Company or, according to the case, with another company of the Group, depending on the context (the "Termination of the Employment Contract"), for any reason, will result in the automatic exclusion of the Participant from the Plan and the permanent and irrevocable loss of validity for the tranches not yet vested of the Options already granted at the date of Termination Of The Employment Contract.

Without prejudice to the previous sub section, if at the date of Termination of the Employment Contract, a Participant in the Plan possesses Options which have already vested in relation to one or more tranches, but which have not yet been exercised, the Participant may exercise those Options, in relation to the tranches already vested, within 30 days of the date of the Termination of the Employment Contract, while those Options shall lose all validity if they are not exercised within that period.

Without prejudice to the above, in the event of the Termination of the Employment Contract due to death or permanent invalidity of a Participant in the Plan, the Options already granted on the date of the Termination of the Employment Contract shall become immediately exercisable by the heirs of the Participant in the case of the death of the latter, or by the Participant in person or his/her legal representative if incapacitated in the case of permanent invalidity, for a period of one year following the date of the Termination of the Employment Contract. After that period of one year has passed, the Options shall permanently and irrevocably lose their validity.

In all cases, the termination of the employment contract of a Participant with the Company as a result of the transfer of the latter to another company in the Group, does not constitute a case of Termination of the Employment Contract for the purposes of the provisions that precede this paragraph. However, it does constitute Termination of Employment in cases where a change of control occurs, in the sense of a transfer to third parties (i) of the subsidiary to which the Participant belongs by the Company or (ii) of the company or the part of the company in which the Participant works by the Company or one of its subsidiaries.

*

No agreements have been stipulated between the Issuer and the Directors that provide for the assignment or maintenance of non monetary benefits for persons whose employment contract has ended (known as "post-retirement perks") or for special consultancy contracts for a period following the termination of the employment contract.

*

No agreements have been stipulated between the Issuer and the Directors that provide for the payment of indemnities for non competition commitments.

10. INTERNAL AUDIT COMMITTEE

The Board has established an Internal Audit Committee, comprising the following non-executive and independent (within the meaning described above) directors: Marco Vitale, Mario Garraffo and Carlo Pedersoli.

This Committee is responsible for analysing problems and defining important policies for the auditing of company activities, providing consultancy and making proposals to the Board of Directors with regard to the preparation, analysis and functioning of the internal control system.

During the Year, the Committee met five times on: 11th February 2010, 5th March 2010, 22nd July 2010, 26th October 2010 and 24th November 2010. In the current year, the Committee met on 13th January 2011, 9th February 2011. The percentage attendance of Committee members at meetings is shown in the table contained at the end of section 4.2 of this Report.

Two of the three members of the Committee have experience in accounting and financial matters.

The entire Board of Statutory Auditors has been constantly invited to participate in the Committee's work.

At the invitation of the Chairman of the Committee and with regard to individual items on the agenda, various non-members have participated in meetings, in particular the Chairman and Chief Executive Officer, the Group Finance Director and General Manager, the Internal Control Officer, the Supervisory Board set up pursuant to Legislative Decree 231/01 and representatives of the Audit Firm. The Legal Service and Corporate Affairs Office is always involved for the minuting of meetings.

Duties assigned to the Internal Audit Committee

The Internal Audit Committee assists the Board of Directors in carrying out a number of tasks within the remit of the Board, namely:

- define the guidelines for the internal control system, so that the principal risks to which the Company and its subsidiaries are exposed are correctly identified and adequately measured, managed and monitored, and also determine criteria to assess whether such risks are compatible with a sound and proper management of the business;
- identify an Executive Director (generally one of the Chief Executive Officers) responsible for monitoring the functionality of the internal control system; - evaluate, at least once a year, the adequacy, efficiency and effectiveness of the internal control system;
- describe, in the Corporate Governance Report, the key components of the internal control system and express its evaluation of the overall adequacy of the system.

The Internal Audit Committee also:

- assesses, together with the Financial Reporting Officer and with the auditors, the correct use of accounting principles and their consistency in the preparation of the consolidated financial statements;
- at the request of the specially appointed Executive Director, expresses opinions on specific aspects concerning the identification of the principal business risks and concerning the design, construction and management of the internal control system;
- examines the work plan prepared by the Internal Control Officer and his periodic reports;
- evaluates the proposals submitted by the audit firm with a view to being awarded the contract, as well as the work plan prepared for the audit and the results set out in the report and in any management letter;
- reports to the Board on the activities undertaken and on the adequacy of the internal control system, at least once every six months, at the time of approval of the annual accounts and half-yearly report;

- makes proposals to the Board of Directors regarding changes to be made to the Organisational Model established pursuant to Legislative Decree 231/01 adopted by the Company;
- makes proposals to the Board of Directors regarding the appointment of members of the Supervisory Board set up pursuant to Legislative Decree 231/01 and regarding the allocation of the annual budget to that body;
- expresses an opinion on the appointment and dismissal of the internal control officer(s);
- expresses an opinion on the appointment of the financial reporting officer;
- expresses an opinion on the Regulations for Related-Party Transactions which the Company must adopt in compliance with CONSOB Regulation No. 17221 of 12th March 2010 and also on any subsequent amendments to those regulations;
- expresses an opinion, either binding or not binding, on related-party transactions of major importance and on related-party transactions of minor importance in compliance with the aforementioned regulations governing related-party transactions adopted by the Company, unless the consist of related-party transactions which concern remuneration;
- performs any additional tasks that are assigned to it by the Board of Directors.

The monitoring of the effectiveness of the legal auditing process has been referred by the Board of Directors to the Board of Statutory Auditors, as per the powers granted to it by current legislation (D.Lgs. 39/2010).

The Committee's activities in the aforementioned meetings mainly concerned: an evaluation of the adequacy of the accounting principles; the formulation of a proposal concerning the appointment of a new independent member of the Supervisory Committee; an examination of the reports of the Supervisory Committee set up pursuant to Legislative Decree 231/01 and of the Internal Control Officer; an examination of the work plan prepared by the Internal Control Officer; examination of the new regulations concerning a legal audit (Legislative Decree No. 39 of 27th January 2010); the formulation of an opinion concerning the related-part transaction regulations; an examination of the reports furnished by the managers of the Group prevention and protection service on safety at the workplace; the submission of proposals to the Board regarding updates to the Model established pursuant to Legislative Decree 231/01; the submission of a proposal to the Board concerning the spending budget of the Supervisory Committee for the operating expenses of the committee itself concerning the application of the organisation, management and control model pursuant to Legislative Decree 231/01. The committee also reported to the Board on the activities undertaken and on the adequacy of the internal control system, at the time of approval of the annual accounts and half-yearly report.

Meetings of the Internal Audit Committee were properly minuted.

The Committee had the opportunity to access company information and access the units necessary to perform its duties; it did not make use of external advisors.

The committee did not incur any expenses in the performance of its duties during the Year.

11. INTERNAL AUDIT SYSTEM

The internal audit system consists of a structured and organic set of procedures and organisational units designed to prevent or limit the consequences of unexpected results, to enable corporate objectives to be achieved and to ensure both compliance with the law and

regulations and proper and transparent reporting internally and to markets. The internal control system permeates the whole Company, involving a variety of staff with specific roles and responsibilities.

The Board has defined the guidelines for the internal control system, so that the principal risks to which the Company and its subsidiaries are exposed are correctly identified and adequately measured, managed and monitored. It has also determined the criteria to establish whether such risks are compatible with a sound and proper management of the business.

The Board positively assessed the adequacy, effectiveness and actual functioning of the internal control system on the basis of information provided in meetings in the form of reports presented by the Internal Audit Committee and by the Supervisory Committee pursuant to Legislative Decree 231/01

The heads of each department are responsible for designing and managing the internal control system and for monitoring its functioning on the basis of the guidelines laid down by the Board of Directors.

The structural components of the internal control system consist of: the Code of Ethics, which defines the principles and underlying values of the Company's ethical code and the rules of conduct that are based on those principles; the system of powers and delegations with general and specific authorisations and the internal delegation of powers, according to the responsibilities assigned; corporate operating procedures; IT systems to support both management and production activities and also accounting and financial processes. With regard to compliance, the Issuer has had an organisational model in place pursuant to Legislative Decree No. 231/2001 since April 2003 which is continuously updated and also a control model pursuant to Law No. 262/2005 for financial reporting (further information is given below on the "Risk management and internal control systems in relation to financial reporting").

The control instruments described above are monitored by management and also independently by the Group Internal Audit Function by means of auditing activities contained in the annual audit plan. The results of auditing activities are reported to the Chairman and Chief Executive Officer and to management and also periodically to the Internal Audit Committee and to the Board of Statutory Auditors.

The internal control system, as just defined, covers financial reporting which forms an integral part of it and is also governed by organisational procedures and instructions which ensure compliance with the general principles of control laid down by the Issuer (e.g. a proper separation of functions, a proper system of authorisations and powers, checks and balances, accountability, etc.). It is based on the main established reference models (e.g. CoSO Report) being subject at the same time to verification and periodic update by means of a review of the risks to which the Company is exposed.

The financial reporting process of the Issuer was subjected to a series of procedural and organisational initiatives with action taken to create an internal controls system for administrative and accounting activities designed to guarantee the reliability, accuracy, completeness and promptness of financial reporting and to regularly produce management, operating and financial reports to the board and to the statutory and external auditors.

The roles involved with specific reference to financial reporting processes are: the Board of Directors, CEO, Internal Control Officer (who fills the role of the officer responsible for the Internal Audit Function), Internal Audit Function, Internal Audit Committee and the Financial Reporting Officer.

The Financial Reporting Officer in conjunction with the CEO is responsible for putting adequate administrative and accounting procedures in place for the preparation of the separate Parent Company and consolidated financial statements.

With regard to the latter, Legislative Decree No. 39/2010 (“Consolidated Legal Audit Act”), which implements EC Directive No. 2006/43/EC concerning the legal audit of annual accounts and entered into force on 7th April 2010, assigned new functions to the Board of Statutory Auditors in its role of “Internal Audit and Accounting Audit Committee”, specifying that it should supervise the financial reporting process and the effectiveness of internal control, internal audit, if applicable and risk management systems. Further information is given in Section 14 on the Board of Statutory Auditors.

With regard to a description of the main characteristics of the internal control system with regard to financial reporting, the Issuer has implemented a model for the administrative and accounting control of the Issuer (hereinafter also the “262 Control Model) for some time now in order to ensure the effectiveness of that system. It has also assigned responsibility for verifying proper application of that model and for monitoring the functioning and adequacy of the Internal Control System in relation to the model to the Manager appointed to prepare corporate accounting documents.

The 262 Control Model control model consists of a set of corporate rules and procedures designed to enable objectives of reliability, accuracy, completeness and promptness in financial reporting to be achieved by identification and management of the main risks attaching to the preparation and disclosure of financial information.

The 262 Control Model consists of

- administrative and accounting risk assessment;
- administrative and accounting manuals and procedures,

which are closely related one to the other and subject to continuous update and periodic assessment.

More specifically administrative and accounting risk assessment is the constant process of identifying and assessing risks attaching to accounting and financial information and it is performed by the Manager appointed to prepare corporate accounting documents with the support of the Group Internal Audit Function. This process is performed annually by means of:

- the identification, by means of quantitative (size) and qualitative (importance) criteria, of items in the financial statements and in financial information which may be highly sensitive and significant or involve risks of error or omission, with reference to the financial statements of the Parent or to the consolidated financial statements of the Group;
- the identification of the relative processes and accounting information input for each significant item of the financial statements and of financial information and of the relative controls to manage the risks identified.

If control activities are not found to be adequately documented or regulated in relation to risk areas identified following periodic risk assessment, it is the responsibility of the function responsible for the process, to provide adequate support documentation, with the support of the Financial Reporting Officer and, if necessary, the Internal Audit Function, to enable the existing controls in the area subjected to analysis to be assessed.

When risks were identified following annual risk assessment activities, the Company and the Group put procedures, protocols and documents in place to control administrative and accounting activities.

The body of the administrative and accounting manuals and procedures is comprised of the following principal documents:

- the Group Accounting and Reporting Manual, designed to ensure the application of uniform criteria in the Group with regard to the recognition, classification and measurement in the accounts of operating and financial events;
- a system of internal certification by the management and administrative chiefs (CEO and Financial Controller) of the subsidiaries of the Recordati Group with regard to the accuracy, reliability and completeness of accounting information and its compliance with Group accounting policies and local regulations. This system, set out in the Group Accounting and Reporting Manual, is designed, amongst other things, to support the signing of certifications and attestations required by law of the Financial Reporting Officer and of the Chief Executive Officer;
- administrative and accounting procedures and protocols for closing accounts at the end of accounting periods and preparing annual financial statements and reporting packages which define control responsibilities, activities and rules to follow for the administration and accounts of the Parent Company and its subsidiaries;
- procedures for preparation of the consolidated financial statements which regulate the operations and controls to be performed for the preparation of the consolidated financial statements, describing, amongst other things, the activities to be performed in the consolidation IT system adopted by the Group and used in its subsidiaries and which define the responsibilities of the various functions for the proper functioning of that system;
- calendar of end of period activities: a document which is updated and distributed monthly, which gives deadlines for the process of closing accounts and preparing financial statements, reporting packages and the consolidated financial statements;
- operational procedures which define the activities, responsibilities and management operations in terms of authorisation, implementation, control, official approval and recognition in the accounts for those accounting and reporting areas considered significant, in co-ordination with annual accounting and administrative risk assessment. Those responsible for the functions and for the subsidiaries involved in the process of preparing and managing accounting and financial information are responsible for the proper functioning and update of the administrative and accounting internal control system in relation to all the processes and accounting reporting under their control and they must constantly monitor those administrative and accounting procedures in order to ensure that they are properly applied and appropriate to the existing processes;
- tables of administrative and accounting controls, which describe the control activities implemented in each administrative and accounting process in relation to the risk

identified and the related control objectives and which summarise the results of control testing activities performed by the Internal Audit Function. The controls described by those tables represent the application of control principles described in administrative and accounting control procedures. These tables are therefore used as a tool for the identification of the key controls in place, specific to each significant process, and for the identification of tests to be performed to assess the adequacy of the administrative and accounting internal audit system. These tables are constantly updated by the Internal Audit Function.

The Financial Reporting Officer appointed to prepare corporate accounting documents assesses and testifies to the adequacy of the 262 Control Model, which is the administrative and accounting internal control system just described and to the proper functioning of the procedures in place at least twice annually, when the half year and annual financial statements (consolidated financial statements of the Group and separate financial statements of the Parent Company) are approved. He is supported by the independent testing activity performed by the Group Internal Audit Function designed to assess the adequacy of the design and proper implementation and operational effectiveness of the controls in place.

Independent testing is performed continuously throughout the year on the basis of the annual audit plan drawn up by the Internal Audit Function, approved by the Internal Audit Committee of the Company. The results of testing activities, assessments of possible areas for improvement and the relative corrective action are officially published in an annual report addressed to the Internal Control Officer, the Manager appointed to prepare corporate accounting documents and the CEO.

The Financial Reporting Officer appointed to prepare corporate accounting documents is also responsible for monitoring the administrative and accounting internal control system on the basis of information received from the chiefs of corporate functions and reports on the activities performed by the Internal Audit function, in order to ensure that the body of procedures is updated and that the controls identified by means of the administrative and accounting procedures are actually implemented.

11.1 EXECUTIVE DIRECTOR RESPONSIBLE FOR THE INTERNAL CONTROL SYSTEM

The Board of Directors has identified the Chairman and Chief Executive Officer, Giovanni Recordati, as the Executive Director responsible for monitoring the functionality of the internal control system.

The Executive Director responsible for monitoring the functionality of the internal control system:

- has identified, with the help of the Internal Control Officer, the principal business risks, taking account of the characteristics of the activities undertaken by the Company and by its subsidiaries and has regularly informed the Board of those risks;
- has implemented the guidelines defined by the Board and, with the help of the Internal Control Officer and other competent units within the Company, has designed, constructed and managed the internal control system while constantly checking its overall adequacy, efficiency and effectiveness;

- has brought the system, again with the help of the Internal Control Officer and other competent units within the Company, into line with changes in operating conditions and in the legislative and regulatory framework;
- has proposed to the Board the appointment of the Internal Control Officer and has given an assessment of the suitability of the latter's remuneration.

11.2 INTERNAL CONTROL OFFICER

The Board has appointed Giovanni Minora, Head of Group Auditing, as Internal Control Officer, at the proposal of the Executive Director responsible for monitoring the functionality of the internal control system and having consulted with the Internal Audit Committee.

Note that the Group Auditing Unit, of which *Dr. Minora* is the Head, reports hierarchically to the Chairman and Chief Executive Officer and has no connection with any operational area.

The Board, having consulted with the Internal Audit Committee, has assessed the suitability of the remuneration paid to the Internal Control Officer as an employee of the Company (defined at the time of recruitment) according to the Company's policies.

The Officer's duties are as follows:

- a) explain the proposed annual work programme to the Internal Audit Committee so that the Internal Audit Committee can make any suggestions;
- b) help the Executive Director responsible for monitoring the functionality of the Internal Control System with the design, management and monitoring of the Internal Control System and with the identification of the various risk factors;
- c) plan and carry out, in a manner consistent with the annual work plan, any direct and specific auditing tasks within Recordati S.p.A. and within all the subsidiaries, particularly in relation to companies having strategic importance, in order to identify any shortcomings in the Internal Control System in the various areas of risk;
- d) check that the rules and procedures for auditing processes are observed and that all individuals involved act in accordance with the predetermined objectives;
- e) carry out checks at his own initiative or at the request of the Board of Directors, the Internal Audit Committee, the Executive Director responsible for monitoring the functionality of the Internal Control System or the Board of Statutory Auditors;
- f) report on the results of his auditing activities to the Executive Director responsible for monitoring the functionality of the Internal Control System;
- g) prepare a half-yearly summary report on the activities undertaken during the period for the Internal Audit Committee and for the Board of Statutory Auditors;
- h) where critical aspects emerge requiring urgent intervention, immediately inform the Executive Director responsible for monitoring the functionality of the Internal Control System, the Internal Audit Committee and the Board of Statutory Auditors in order to update them on the results of his actions.

In particular, during the Year, the Internal Control Officer:

- explained the annual work programme to the Internal Audit Committee;
- had direct access to all the necessary information to carry out his role;
- carried out direct and specific auditing tasks, in a manner consistent with the annual work plan;

- reported to the Executive Director responsible for monitoring the functionality of the Internal Control System on the results of the auditing activities undertaken during the Year;
- reported on his actions and on the results of the activities undertaken to the Internal Audit Committee and to the Board of Statutory Auditors of the Company.

The Internal Control Officer had access to an operating budget which was used to carry out the audits and checks performed in the Year.

11.3 ORGANISATIONAL MODEL pursuant to Legislative Decree 231/2001.

The Company has adopted and effectively implemented a model which represents an organisational and operational tool aimed at preventing the Company's employees and colleagues from committing the crimes specified in Legislative Decree 231/01.

The duties of monitoring the adequacy, updating and effectiveness of the Model have been transferred by the Company to a Supervisory Board having collective form, comprising two external members and one Company employee.

The organization, management and control model is constantly updated and monitored with particular attention paid to preventing crimes and to risk assessment, following the new regulatory changes.

The Model consists of a general part and a specific part, arranged into different sections. The general part includes, *inter alia*, the Code of Ethics, the Disciplinary System and the By-Laws of the Supervisory Board. The specific part includes, *inter alia*, a "map" of the areas where the risk of crime is more marked and a significant number of "protocols" through which measures are put in place to prevent the commission of offences in the areas identified in the map. A similar model has been adopted for the subsidiaries Innova Pharma S.p.A. and Orphan Europe Italia S.r.l.

A presentation of the Model adopted by the Company is available on the Company's website at http://www.recordati.it/rec_it/cg/compliance_programs/

For subsidiaries of strategic importance located abroad, policies with a function similar to those of the Organisational Model pursuant to Legislative Decree 231/01 adopted by the Company have been implemented and are being implemented, where considered necessary, and a training programme is underway on the Group Code of Ethics.

11.4 AUDIT FIRM

Deloitte & Touche S.p.A. is the Audit Firm appointed to audit the Company. The appointment was formally made by the Shareholders' Meeting on 6 April 2005 and extended for the years 2008-2009-2010 by the Shareholders' Meeting on 11 April 2007. The appointment of Deloitte & Touche expires at the time of the shareholders' meeting held to approve the 2010 Annual Report, which will be asked to appoint a new audit firm on the basis of a proposal submitted by the Board of Statutory Auditors, because Deloitte cannot be appointed again because it has reached the maximum number of years of engagement permitted by law.

11.5 THE FINANCIAL REPORTING OFFICER

On 3 May 2007, the Board of Directors, having noted the favourable opinion of the Board of Statutory Auditors and of the Internal Audit Committee, appointed Fritz Squindo, Chief Financial Officer (and now also General Manager), as the Financial Reporting Officer.

During that meeting, it was confirmed that he satisfied the requirements of respectability and professionalism laid down in the applicable legislation and in the Company's By-Laws, which stipulate, in Art. 26, that the Financial Reporting Officer must not only satisfy the requirements of respectability laid down by law for those performing administrative and managerial duties but also the requirements of professionalism characterised by specific competence in administrative and accounting matters. This competence, to be verified by the Board of Directors, must be acquired through working experience in a position of adequate responsibility over a suitable period of time.

The Financial Reporting Officer is given duties and powers to perform that assignment, which include the provisions of the operational guidelines for that manager approved by the Board of Directors on 3 May 2007.

12. DIRECTORS' INTERESTS AND RELATED PARTY TRANSACTIONS

Subject to the opinion in favour of the Internal Audit Committee identified as the Committee Responsible pursuant to Art. 4 paragraph 3 of CONSOB Regulation No. 17221 of 12th March 2010, in a meeting held on 24th November 2010, the Board adopted "Regulations for related-party transactions" in accordance with Art. 2391-*bis* of the Italian Civil Code, with Art. 9.c.1 of the CG and with the Regulations just mentioned to replace that part relating to related-party transactions contained in the "Procedure for significant transactions with related parties or when a Director has an interest in the transaction" adopted in 2008, which remains in force for the regulation of significant transactions or those where a Director bears an interest in the transaction.

The Regulations for Related-Party Transactions (the full text is available on the Company website at www.recordati.it in the "Corporate Governance" section), in force since 1st January 2011, defines the guidelines and the criteria for the identification of related-party transactions and it gives details of the roles, responsibilities and operating procedures designed to ensure adequate reporting transparency and the relative proper conduct in form and substance for those transactions. The Company has also issued internal rules in order to ensure that the Regulations are fully implemented.

The following was performed on the basis of the new Regulations:

- the Internal Audit Committee was identified as the Committee Responsible for issuing a reasoned opinion on both transactions of major importance and transactions of minor importance, except for related-party transactions concerning remuneration, for which the Committee Responsible would be the Remuneration Committee. As already reported both committees are composed exclusively of independent Directors;
- a related-party transaction is defined as any transfer of resources, services or obligations (i.e. any contractual commitment) between Recordati – either directly or

through its subsidiaries – and one or more Recordati Related Parties, independently of whether any consideration has been agreed upon;

- a Recordati related party is defined as:
 - (a) the parent of Recordati and its shareholders;
 - (b) any other party which, either directly or indirectly, including through subsidiaries, trust companies or intermediaries and/or jointly with other parties (also defined as related parties):
 - (i) exercises Control over Recordati, is controlled by it or is subject to Common Control;
 - (ii) holds an interest in the share capital of Recordati such that it is able to exert Significant Influence over it;
 - (c) an associate company of Recordati;
 - (d) a joint venture in which Recordati SpA is a venturer;
 - (e) an executive with strategic responsibilities of Recordati or its parent;
 - (f) a close member of the family of one of the parties referred to in letters (a), (b) or (e);
 - (g) an entity in which one of the parties referred to in letters (e) or (f) exercises Control, Joint Control or Significant Influence or holds, either directly or indirectly, a significant proportion, and in any case not less than 20%, of the voting rights;
 - (h) a collective or individual, Italian or foreign, supplementary pension fund, formed for the benefit of Recordati employees, or any other entity related to it, to the extent by which that fund has been formed or promoted by Recordati, or in the circumstance that Recordati may influence its decision-making processes.
- Executives with Strategic Responsibilities are defined as those persons who have power over and responsibility, either directly or indirectly, for the planning, management and control of the activities of the Company, including the directors (executive and non executive) of the company itself, full members of the Board of Statutory Auditors, the general managers, the manager appointed to prepare corporate accounting documents (the “Financial Reporting Officer”) and all those additional persons identified from time to time such by the Board of Directors, and proposed by the Chief Executive of the Company;
- Transactions of Major Importance are defined as those related-party transactions for which at least one of the relevance indicators contained in the aforementioned Attachment No. 3 of the Consob Regulations and which are applicable according to the characteristics of each related-party transaction (i.e. value of the transaction in relation to shareholders’ equity or, if greater, to capitalisation; total assets of the entity involved in the transaction compared to the total assets of the Company; total liabilities of the entity acquired compared to the total assets of the Company) exceeds 5%;
- Transactions of Minor Importance are defined as those related-party transactions which are not transactions of major importance and not transactions of negligible amount i.e. transactions for an individual amount of less than 150,000 euro.

The Regulations do not apply to:

- Transactions of Negligible Amount unless they are more than one Transaction of Negligible Amount performed as part of a single plan, the total value of which exceeds the sum of 150,000 euro;
- intercompany transactions provided that no Significant Interests of other related parties of the Company exist in the subsidiaries of Recordati or in associate companies of Recordati which are counterparties to the transaction. It is considered that the existence of “Significant Interests” of other related parties could be determined by:

- the existence of a significant amount receivable by the Chief Executive Officer of the Parent from a subsidiary;
- one or more directors or other executives with strategic responsibilities shared between companies who benefit from share based incentive schemes (or in any case variable remuneration) dependent on the results of subsidiaries or associate companies with which the transaction is performed;
- an interest held in a subsidiary or associate company (even indirectly) by the party that controls the parent.
- shareholders' resolutions pursuant to Art. 2389, paragraph one of the Italian Civil Code, concerning the remuneration due to members of the Board of Directors and resolutions concerning the remuneration of Directors appointed to special positions which forms part of the total amount determined in advance by shareholders in accordance with Art. 2389, paragraph three of the Italian Civil Code;
- shareholders' resolutions pursuant to Art. 2402 of the Italian Civil Code, concerning the remuneration due to members of the Board of Statutory Auditors;
- remuneration schemes based on financial instruments approved by shareholders in accordance with Art. 114-*bis* of the Consolidated Finance Act and the relative transactions to implement them;
- decisions (other than those referred to under the preceding letter c) concerning the remuneration of Directors, Directors appointed to special positions and other executives with strategic responsibilities, when (i) the Company has adopted a remuneration policy (the formulation of which involved a committee formed exclusively of non executive directors, the majority of which are independent) (ii) the Company has submitted a report which illustrates the remuneration policy to a shareholders meeting for approval or a consultative vote, and (iii) the remuneration actually assigned is consistent with that policy;
- decisions, to be taken when a professional arrangement is established with Recordati, concerning the remuneration of executives with strategic responsibilities, other than Directors and members of the Board of Statutory Auditors;
- transactions which fall within the ordinary performance of operating activities and the related financial activities concluded under conditions equivalent to market conditions or standards (i.e. conditions similar to those normally practiced with non related parties for transactions of an analogous nature, magnitude and risk or based on regulated tariffs or on compulsory prices or those practised for parties with which the Company is obliged by law to negotiate a determined consideration). The "ordinary performance" is identified by considering the contents, recurrence, function or purpose and timing of the transaction and also the nature of the counterparty, even if it is a related party. Operating Activities are defined as the main revenue generating activities and all other normal activities of the Company that are not classifiable as investment or financial activities pursuant to International Financial Reporting standard seven adopted by EC Regulation No. 1126 of 2008, as subsequently amended from time to time. Should the exemption contained in this point apply, the Company is nevertheless required, without prejudice to Art. 114, paragraph 1 of the Consolidated Finance Act, to comply with the provisions of Art. 13, paragraph 3, letter c), points i) and ii) of the Consob Regulation No. 17221 of 12th March 2010;
- demerger transactions in the strict sense of the proportional type, share issues with option rights reserved to shareholders and to any holders of financial instruments (therefore issuances which are performed without excluding their option rights) and

- transactions for the purchase/sale of treasury stock if performed, other conditions remaining the same, to the benefit of both related parties and all others holding rights;
- transactions to be performed on the basis of instructions for the purposes of stability issued by the supervisory authority, without prejudice to disclosure obligations under Consob Regulations.

The regulations for significant transactions or where a Director holds an interest regulate transactions in which a director holds an interest either on his own behalf or on behalf of third parties, even potential or indirect, and it expressly reserves them to the approval of the Board of Directors. In these cases that Director must promptly inform the Board and the Board of Statutory Auditors respectively of his interest in a timely and thorough manner - specifying the nature, terms, origin and extent of that interest - and must stay away from the meeting during the respective negotiations unless the Board considers his participation in the discussion and resolution to be necessary, depending on the specific circumstances, including, inter alia, the need to maintain the required quorums. A similar disclosure obligation exists for any Auditor who holds an interest, including a potential or indirect interest, in relation to the aforesaid matters or transactions.

13. APPOINTMENT OF AUDITORS

The appointment of Statutory Auditors is regulated by article 26 of the By-Laws, the text of which, last amended by the Board of Directors on 26th October 2010 in order to make compulsory amendments to comply with Legislative Decree No. 27/2010 in implementation of the “shareholders rights” EU Directive, is reproduced below:

"Art. 26) The Shareholders' Meeting shall appoint the Board of Statutory Auditors, comprising three statutory auditors and two alternate auditors, who may be re-elected, and shall determine their remuneration. Their powers, duties and term of office shall be as established by law.

Auditors shall satisfy the requirements laid down in current laws and regulations. As regards requirements of professionalism, the matters and sectors of activity strictly connected with that of the company are the research, production and sale of chemical and pharmaceutical products.

The minority shareholders shall elect one Statutory Auditor and one Alternate Auditor.

Unless otherwise provided for in laws or regulations, the Board of Statutory Auditors shall be appointed according to the procedures set out in the following paragraphs on the basis of lists submitted by Shareholders in which candidate are listed by means of a progressive number.

The list must specify whether each candidate is nominated for the position of Statutory Auditor or for the position of Alternate Auditor.

Only Shareholders individually or jointly possessing a total number of shares with voting rights representing at least 2.5% of capital stock with voting rights or representing a lesser percentage as established or provided by binding legal or regulatory provisions which shall be specified in the notice of meeting shall have the right to present lists.

Each shareholder, including shareholders who have signed a shareholders' agreement pursuant to Art. 122 of Legislative Decree no. 58/1998, the holding entity, subsidiaries, and jointly

controlled entities are not permitted to submit or help to submit more than one list or vote for different lists, including through an intermediary or trust company. Each candidate may only be present on one list failing which he will be ineligible. Votes cast in violation of the above prohibition shall not be attributed to any list.

Submitted lists shall be deposited at the Company's registered office at least twentyfive days before the date scheduled for the Shareholders' Meeting at first call without prejudice to any further forms of disclosure required by any rules or regulations from time to time in force.

Without prejudice to all other rules prescribed by the rules and regulations in force the following documents shall be submitted together with each list by the deadline specified above:

a) information on the identity of the shareholders who have submitted the lists, indicating the total percentage of capital stock held;

b) a declaration by shareholders other than those who hold, including jointly, a controlling interest or relative majority, attesting to the absence of any forms of association with such shareholders, as provided by applicable regulations;

c) a thorough report of the personal characteristics of candidates and a declaration from the said candidates attesting that they possess the requirements established by law, together with their acceptance of the candidature.

Lists not satisfying the requirements specified above shall be considered as not having been submitted.

Auditors shall be elected as follows:

1. from the list which obtained the highest number of votes at the Shareholders' Meeting, two statutory auditors and one alternate auditor shall be elected, based on the progressive order with which they are listed in the sections of the list;

2. from the second list which obtained the highest number of votes at the Shareholders' Meeting and which, in accordance with regulations in force, has no connection, not even indirectly, with those who submitted and voted for the list which obtained the highest number of votes, one statutory auditor, who shall chair the Board of Statutory Auditors, and one alternate auditor shall be elected, based on the progressive order with which they are listed in the list.

In the event of a tie between lists for the appointment of the Auditors indicated in point 2 of the foregoing paragraph, the list submitted by shareholders owning the largest shareholding or, alternatively, the list submitted by the largest number of shareholders shall prevail.

Should a single list or no list be submitted, all candidates for the posts of Statutory and Alternate Auditors named on the list or respectively those voted for by the shareholders' meeting shall be elected provided that they obtain the respective majority of the votes cast in the Shareholders' Meeting.

Should they no longer satisfy the requirements laid down by law and in the by-laws, the auditor shall leave office.

Should it become necessary to replace a statutory auditor, the alternate auditor belonging to the same list as the outgoing auditor shall take the latter's place or, failing this, should the minority auditor leave office, he shall be replaced by the next candidate on the list from which the outgoing auditor was elector, or, alternatively, by the first candidate on the minority list that obtained the second highest number of votes.

It is understood that the board of statutory auditors shall continue to be chaired by the minority auditor.

The procedure outlined below shall be followed when the shareholders' meeting is required to appoint statutory and/or alternate auditors to complete the board: if it is necessary to replace auditors elected on the basis of the majority list, the replacements shall be appointed by relative majority vote without list voting; if, however, it is necessary to replace auditors elected on the basis of the minority list, the shareholders' meeting shall replace them by a relative

majority vote by choosing them from the candidates on the list from which the outgoing auditor was elected or on the list that obtained the second highest number of votes.

Should the application of the above procedures not result in the replacement of the auditors designated by minority shareholders for whatever reason, the shareholders' meeting shall hold a relative majority vote, following the presentation of candidatures by shareholders that, individually or together with others, possess shareholdings with voting rights that represent at least the percentage indicated above in relation to the procedure for the presentation of lists. However, votes registered by shareholders who hold the relative majority of voting rights that may be exercised in the meeting as identified in disclosures made in accordance with applicable regulations, whether directly, indirectly, or jointly with other shareholders who have signed a shareholders' agreement as indicated in article 122 of Italian Legislative Decree No. 58/1998, shall not be considered in establishing the outcome of said vote.

Members of the Board of Statutory Auditors may participate in meetings remotely by means of audio-visual connection, video conferencing or telephone link-up systems.

In the above case:

- the following must always be established:

a) the identity of all members attending at each connection point shall be verified;
b) each member attending shall be permitted to express a personal opinion verbally, to view, receive or send any documentation and to participate simultaneously in the discussion of the points at issue and pass resolutions;

- meetings of the Board of Statutory Auditors shall be considered to be held at the place where both the Chairman and Secretary are located.

The legal audit of the Company's accounts shall be performed by the Audit Firm on the basis of applicable regulations".

It is underlined that the right to submit lists is only held by shareholders who, individually or together with other shareholders submitting lists, hold voting shares representing at least 2.5% of the voting capital in the Ordinary Meeting, or representing any lower percentage established by mandatory laws or regulations. In accordance with articles 144-*quater* and 144-*septies* of the regulations adopted by CONSOB Resolution No 11971 of 14.4.1999 and CONSOB Resolution No. 17633 of 26th January 2011, the percentage of the share capital required to present lists of candidates to supervisory bodies is currently 2%.

The minority lists shall elect one Statutory Auditor and one Alternate Auditor. As regards the appointment mechanism adopted for choosing the candidates on the various lists submitted, note that, again according to the above transcribed Art. 26 of the By-Laws, two statutory auditors and one alternate auditor are elected from the list which obtained the highest number of votes in the Shareholders' Meeting, based on the progressive order with which they are listed in the sections of the list; from the second list which obtained the highest number of votes after the first list and which has no connection, not even indirectly, with the shareholders who submitted or voted for the list which obtained the highest number of votes, one statutory auditor, who will chair the Board of Statutory Auditors, and one alternate auditor are elected, based on the progressive order with which they are listed in the list.

14. AUDITORS

The composition of the Board of Statutory Auditors in office on the closing date of the Year is shown below. The Board was appointed by the Ordinary Shareholders' Meeting of 11 April 2008 and its term of office will expire at the Shareholders' Meeting called to approve the financial statements for the year ended 31 December 2010.

The personal and professional characteristics of each auditor are contained in attachment 1 of this Report.

Alternate auditor	VALERIO PIACENTINI	11.4.2008	Approval of 2010 Annual Report	M	X	X	-	7

* M/m are given in this column where "M" indicates a member elected from the majority slate and "m" from a minority slate.

** This column contains the percentage attendance of Auditors at the relative board meetings of Statutory Auditors (number of presences/number of meetings held during the actual period office of the person concerned).

*** This column gives the number of appointments as Director or Statutory Auditor held by the person pursuant to article 148-bis of the TUF. The full list of offices is attached, pursuant to article 144-quinquiesdecies of the CONSOB Issuers' Regulations, to the audit report prepared by the Statutory Auditors in accordance with article 153, paragraph 1 of the TUF.

During the Year, the Board of Statutory Auditors met ten times. The meeting took place on the following dates: 11th February 2010, 24th February 2010, 11th March 2010, 17th March

2010, 26th March 2010, 21st April 2010, 11th June 2010, 27th July 2010, 26th October 2010 and 11th November 2010. As regards the current year, the Board of Statutory Auditors met on 14th January 2011, 20th January 2011 (3rd March 2011 scheduled). The percentage attendance of Auditors in these meetings is shown in the table above.

The Board of Statutory Auditors conducted an internal verification of its independence after its appointment. It was found from the outcome of that verification that all the Statutory Auditors in office possessed the requirements for independence according to Art. 148 of the TUF and also with regard to the criteria contained in the CG Code. That assessment was repeated with a positive outcome in 2010.

In the procedure prepared by the Company governing significant transactions, or in which a Director holds an interest, it was specified that, as is the case for the Directors, any auditor who holds a personal or third party interest in a specific transaction of the Company must inform the other Auditors and the Board in a timely and thorough manner about the nature, terms, origin and extent of his interest.

The Board of Statutory Auditors has checked the independence of the audit firm Deloitte & Touche S.p.A., checking both compliance with legislative provisions and the nature and extent of services other than financial auditing provided to a number of subsidiaries by the same audit firm and by the entities belonging to the latter's network. As far as the Company is concerned, no services other than financial auditing were provided by the audit firm.

The Board of Statutory Auditors, in the performance of its activities, liaised with the Head of the Group Auditing Unit and with the Internal Audit Committee through the constant presence in Committee meetings, in which the Head of the Group Auditing Unit also usually participates.

As already reported in Section 11, Legislative Decree No. 39/2010 (“Consolidated Legal Audit Act”), which implements EC Directive No. 2006/43/EC concerning the legal audit of annual accounts and entered into force on 7th April 2010, assigned new functions to the Board of Statutory Auditors in its role of “Internal Audit and Accounting Audit Committee”. In detail Art. 19 of that decree establishes that that committee supervises the following:

- a) the financial reporting process;
- b) the effectiveness of internal control, internal audit, if applicable, and risk management systems;
- c) the legal audit of annual and consolidated accounts;
- d) the independence of the legal auditor or legal audit firm, with regard in particular to the provision of non auditing services to the entity subject to a legal accounting audit.

15. RELATIONS WITH SHAREHOLDERS

The Company has created a specific section on its website called "Investors ", which is easily identifiable and accessible and which contains important information about the Company for its shareholders so that they can exercise their rights in an informed manner. The Company has also created a special section on its website entitled “Regulated information” in which information that is regulated is published as required by article 65 *bis* of the Issuers’ Regulations.

As part of the Company's organisational structure, Marianne Tatschke has been identified as investor relations manager. In addition, the tasks of the Group Legal Service and Corporate Affairs Office also include the task of looking after relations with shareholders in general.

16. SHAREHOLDERS' MEETINGS

We report firstly that the legislation and regulations concerning shareholders' rights was amended substantially by Legislative Decree No. 27/2010 for the "Implementation of EC Directive No. 2007/36/EC, concerning the exercise of some of the rights of company shareholders" and by CONSOB Resolution No. 17592 of 14th December 2010 which amended its Issuers' Regulations as a consequence.

On 26th October 2010 the Board of Directors amended the Corporate By-Laws in order to make compulsory amendments to comply with Legislative Decree No. 27/2010. Proposals will be submitted in the Shareholders' Meeting convened for 13th April 2011, in first call and for 14th April 2011, in second call, to make amendments of an optional nature, considered advisable by the Board of Directors, to the Corporate By-Laws in accordance with Legislative Decree No. 27/2010. The Directors Report, which will be disclosed to the public within the legal time limits may be consulted for further information on this point.

Moreover, in accordance with the new Art. 84 *ter* of the Issuers' Regulations the Company makes the reports on matters placed on the agenda available by publishing them, amongst other things, on its website.

In accordance with Art. 9 of the Corporate By-Laws in force (in the version last amended by the Board of Directors on 26th October 2010), Shareholders' Meetings are convened within the legal time limits on the Company website and, where necessary due to mandatory provisions or decided by the directors, in the Official Gazette and in the newspaper "Il Sole 24 Ore", as well as according to other procedures provided for by the legislation and regulations currently in force.

In accordance with Art. 12 of the Corporate By-Laws in force, resolutions of ordinary and extraordinary meetings, on the first and successive calls, are valid if made in the presence of the required number of persons and the majorities required by law. Therefore an ordinary Shareholders' Meeting is validly constituted in first call with the attendance of shareholders accounting for at least half of the share capital with voting rights at the meeting itself and resolutions are passed by an absolute majority of those participating, including abstentions.

An ordinary shareholders' meeting is validly constituted in second call no matter what proportion of the share capital is represented and resolutions are passed by an absolute majority of those participating, including abstentions.

An extraordinary shareholders' meeting is validly constituted in first call with the attendance of shareholders accounting for at least half of the share capital and resolutions are passed with the vote in favour of shareholders representing at least two thirds of the share capital.

An extraordinary shareholders' meeting is validly constituted in second call with the attendance of shareholders accounting for at least a third of the share capital and resolutions are passed with the vote in favour of shareholders accounting for at least two thirds of the share capital present at the meeting.

Following amendments made to regulations concerning the right to participate in Shareholders' Meetings and voting rights, on the basis of Art. 83-*sexies* of the TUF, legitimate authorisation to participate in shareholders' meetings and to exercise voting rights is certified by a communication to the issuer, performed by the intermediary, in compliance with its accounting entries, certifying the party entitled to vote on the basis of information relating to the end of the accounting day of the seventh trading day prior to the date set for the shareholders' meeting in first call or second call. Nevertheless the legitimate right to participate and vote remains, should the communications be received by the Company later than the aforementioned time limit, provided they are received before the commencement of the proceedings of each single session of the shareholders' meetings.

In accordance with Art. 10 of the Company By-Laws, as per the text amended by the Board of Directors on 26th October 2010, those holding the right to vote may be represented by a written proxy, where no incompatibilities and limitations exist pursuant to the legislation and regulations in force. The Company may be notified of the proxy for participation in the Shareholders' Meeting by sending the document to the email address indicated in the Notice of Meeting.

Furthermore, the new Art. 135-*undecies* of the TUF, inserted by Legislative Decree No. 27/2010 introduced a "*Designated representative of a listed company*" "*unless the Corporate By-Laws stipulate otherwise, listed companies designate a representative for each Shareholders' Meeting to which shareholders may grant an authorisation, by the end of the second day of market trading prior to the date set for the shareholders' meeting in first or second call, with voting instructions on all or some of the motions on the agenda. The proxy is valid solely for proposals in relation to which voting instructions have been given.*" At present Recordati's Corporate By-Laws contain no provisions in this respect, and this new provision is therefore considered applicable to future Shareholders' Meetings of the Company, until different provisions are introduced to the Company By-Laws.

The Board believes that there are no conditions that require the adoption of particular initiatives regarding attendance of Meetings and the exercise of voting rights by shareholders such as, for example, postal voting.

In accordance with Art. 127-*ter* of the TUF, shareholders may submit questions on the items on the agenda even before the Shareholders' Meeting. Answers are given to questions received prior to the Shareholders' Meeting, subject to verification of the relevance and the legitimacy of the asker, at the latest during the meeting itself and the Company has the right to give a single answer to questions having the same content.

The Board does not perceive any current need, taking into account the holding of previous meetings, to draw up any regulations governing Shareholders' Meetings and believes that the powers granted to the Chairman of the Shareholders' Meeting by law and in the Corporate By-Laws are sufficient to ensure that Shareholders' Meetings can be held in an orderly and functional manner and to guarantee that each shareholder has the opportunity to discuss the items placed on the agenda.

The Board of Directors, through the Chairman and Chief Executive Officer, reported, in the Shareholders' Meeting held on 13th April 2010, on activities undertaken and those planned, and responded to questions posed by a number of shareholders. The volume containing a copy of the draft separate financial statements and consolidated financial statements, with the accompanying reports and the Directors' Reports on the proposals concerning items placed on

the agenda was handed out at the entrance and also sent to shareholders who had taken part in recent meetings in order to ensure adequate disclosure of the necessary information so that they could take the decisions for which they are responsible with full knowledge of the facts.

During the year, there were no changes in the market capitalisation of the Company's shares or in the composition of its corporate structure sufficient to require consideration of a proposal to the Shareholders' Meeting for changes to the Corporate By-Laws concerning the percentages established for the exercise of the actions and prerogatives provided for the protection of minorities.

17. ADDITIONAL CORPORATE GOVERNANCE PRACTICES (pursuant to Art. 123-bis, paragraph 2, letter a) of the TUF)

The Issuer does not apply any additional corporate governance practices, other than those described in the preceding sections of this Report.

18. CHANGES OCCURRING SINCE THE END OF THE YEAR

No changes in the structure of the corporate governance of the company have occurred since the end of the Year.

Milan, 9 March 2011

On behalf of the Board of Directors

The Chairman
